EXPERIENCE

Software Developer Intern

May 2021 - Aug 2021

InFlight, Kitchener, ON

- Developed new features and bug fixes to the PeopleSoft platform using company-wide tools.
- Improved accessibility capability to multiple platforms for a better user experience.
- Technologies: TypeScript, JavaScript, Angular, Node.js, HTML, CSS, jQuery, Docker

Software Developer Intern

Jan 2021 - Apr 2021

Sera4, Waterloo, ON

- Implemented new features to the admin portal where users can manage locks, accounts and organizations across the company.
- Improved functionality to multiple microservices as well as to the existing API gateway logic.
- Technologies: JavaScript, Node.js, React, Docker, AWS, PostgreSQL, Mocha, Jest

Full Stack Developer Intern

Sep 2019 - Dec 2019

Postmedia, Kitchener, ON

- Member of the Hub team which provided marketing analytics for sales representatives such as Social Media Advertising and Google AdWords.
- Implemented a new feature where sales personnel can transfer their respective clients on vacation leave.
- Technologies: JavaScript, Node.js, TypeScript, React, MongoDB, Docker

Data Science Intern

May 2019 - Sep 2019

University of Guelph, Guelph, ON

- Investigated and discovered new trends in the job market using data mining, data analytics and data cleaning.
- Created multiple machine learning models that will be used to classify trends in new job posting descriptions.
- Technologies: Python, TensorFlow, Scikit-learn, NumPy, Pandas

PROJECTS

NBA Index *Python, TensorFlow, React, GraphQL, MongoDB, Firebase*

nba-index-web.herokuapp.com

All in one NBA analytics website where you can compare players, get career classifications, determine players market value and find out similar player archetypes.

Recipe Generator *Flutter, GraphQL, Firebase, MongoDB*

github.com/AbeerAdeel/recipe_app

A mobile application where users can input items from their fridge and pantry to generate the best possible recipes for their current situation. All recipes were originated from food.com. This application is currently live and running on the Google Play Store.

EDUCATION

Bachelor of Computing, Computer Science Co-op

Sep 2017 - Present

University of Guelph (Expected Graduation in April 2022)
